

QUANTUM FAITH

**A TALE OF TWO WORLDS,
PHYSICAL AND SPIRITUAL**

Introduction

- Annette Capps' booklet "Quantum Faith"
- A Quantum = a tiny package of energy

1. Difference between macro and micro worlds

Heb 11:1,3
2 Cor 4:18

Macro: Laws independent of observer. **Micro:** Laws depend upon observer.

2. New thinking for the micro world

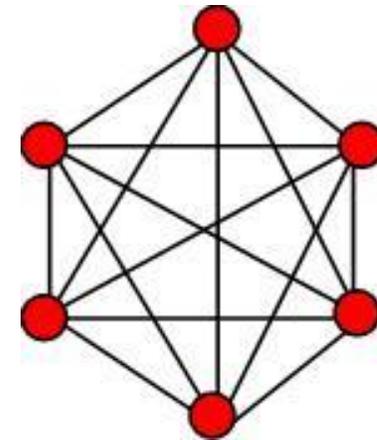

Reduce the inter-atomic spaces—What would happen?
Increase the inter-atomic spaces—What would happen?

Lk 4:30 & Jn 8:59

- Represents an atom

Reducing spaces: mass is same but size shrinks.

Increasing spaces: mass passes through objects, and finally vanishes.

3. Words are energy, and energy affects matter.

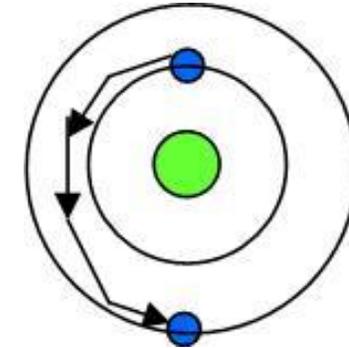

Mk 11:23

Example: Microwave oven

A. Water vibration increased

B. Electrons of atoms move to higher energy orbits

C. Molecules move faster and friction produces heat

D. Freezing is the reduction of energy to lower energy orbits

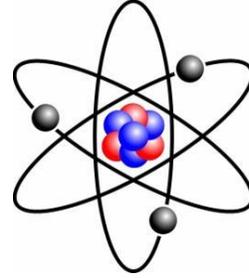

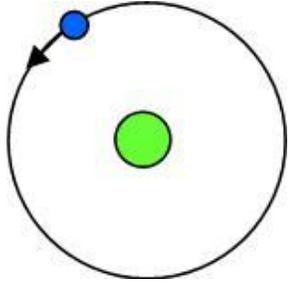

Prov 18:21

4. We are created in God's image, and are creative

Gen 1:26

5. Behavior of electrons varies for each observer

Gen 1:26

6. All matter is alive and responds to faith and words.

1 Tim 6:13

A living God makes living things.

A. The triumphal entry

Lk 19:40

B. The stone of witness

Josh 24:27

C. The mountains and hills and trees

Isa 55:12

D. The Word of God

Heb 4:12

7. A redeemed person is a king and priest unto God

Rev 5:10

A king rules by words coming from his mouth. These are written as laws.

8. Thoughts and beliefs produce an aura around us

9. Things obey words

A. Jesus stilled the storm

Lk 8:24-25

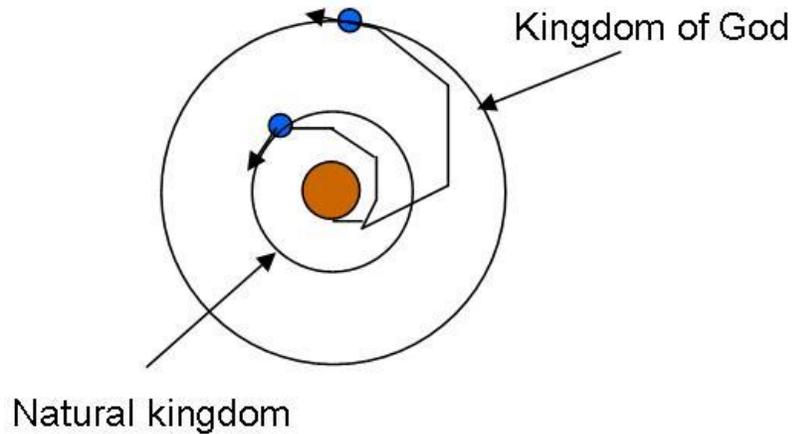

B. My 1998 flight from LAX to Palmdale in a snowstorm

The turbulence stopped when I spoke under my breath to the storm to be still

10. Every object has its own frequency of vibration. It is not solid.

11. God's words are the highest frequency (most energy) of all. We can speak them!

12. Analogy of Kingdom of God & the natural kingdom as satellites of the Earth

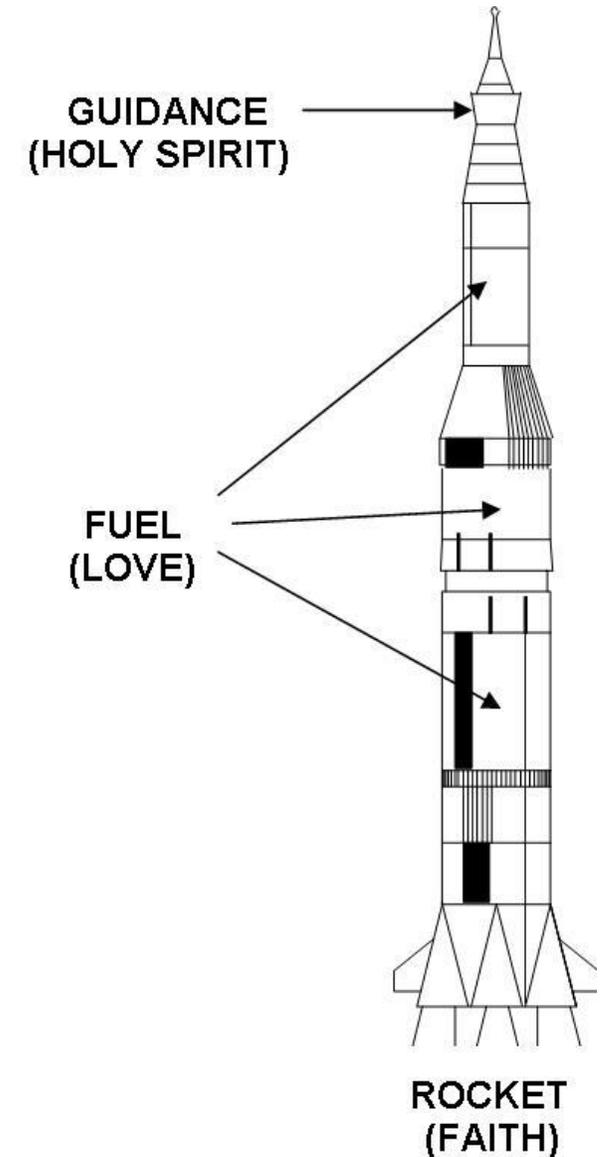

(Everything within the low orbit)

Faith works by love.

Gal 5:6

It takes more energy to go from the natural kingdom to the Kingdom of God. This means more **LOVE**.

The vehicle that carries the love is **FAITH**. However, without the **guidance** of the Holy Spirit, the rocket wouldn't go into orbit but would fall back to Earth. The Spirit directs faith to enter the Kingdom of God.

13. In the subatomic arena, there are only possibilities and probabilities

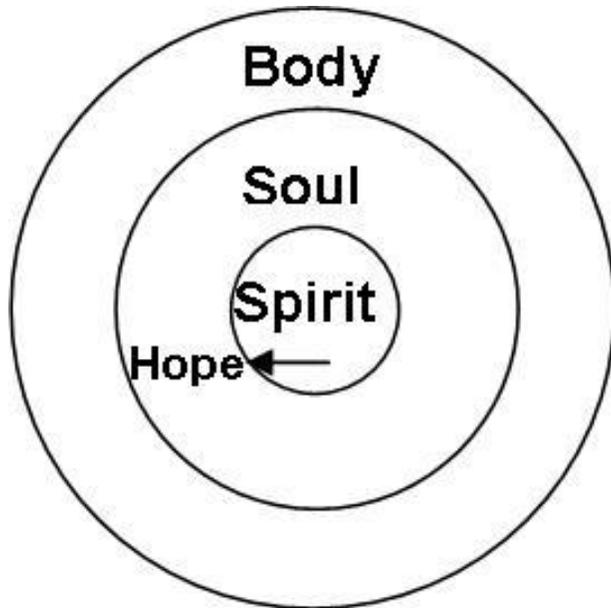

Example: My flight from LAX to Palmdale in a turbulent snowstorm

14. Where does hope exist? In the mind and spirit, not in the physical

You must speak the desired thing into existence by using your faith.

Remember, faith is the substance of hope.

Heb 11:1

Hope requires patience.

We should abound in hope.

Faith is of the human spirit.

Hope is of the human soul.

Rom 8:24-26

Rom 15:13

Heb 6:19

For the 3-part person: 2 parts which are in agreement will control the person. 2 out of 3 is majority rule!

15. The things that “are not” in the micro world govern the things that “are” in the macro world.

1 Cor 1:28

16. We operate in the spiritual laws of the Kingdom of God (K of G).

These laws operate on a higher overriding principle than natural laws.

The K of G laws are the basis of creation. They operate on the micro level.

Example: **Law of Equivalence of Forgiveness and Healing**

Summary: Being forgiven means being healed.

Mt 9:5 & Isa 33:24

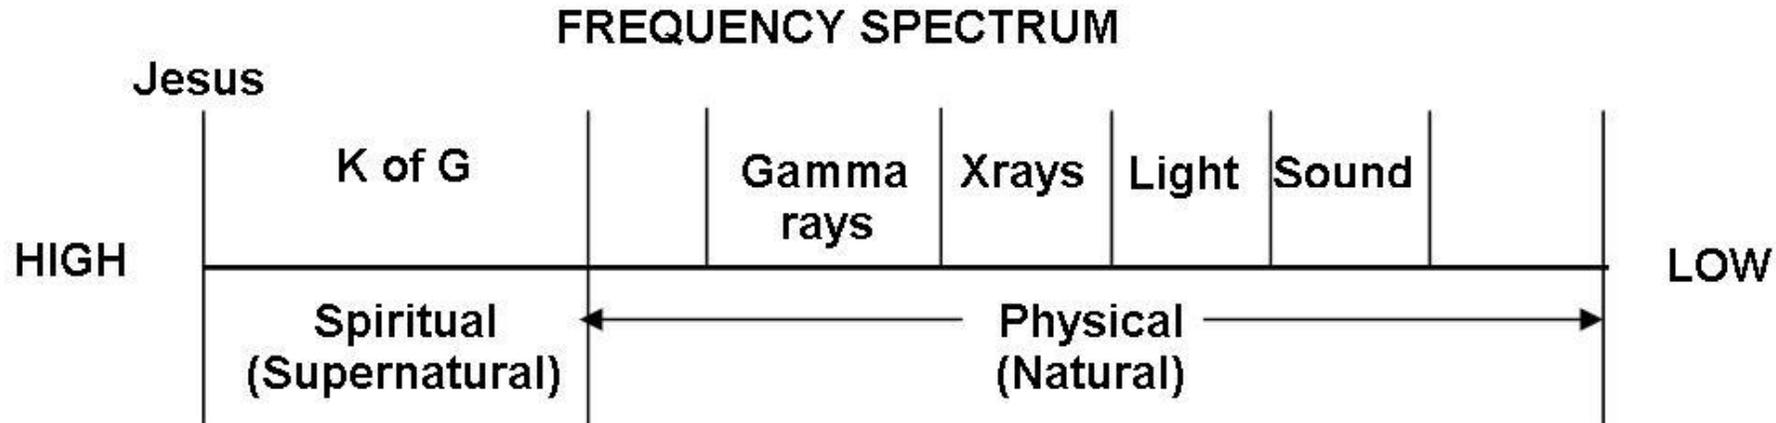

17. Faith creates matter and becomes matter. It converts energy to matter.

E=MC² Can it convert matter into energy? Yes, see **Jn 8:59**

The equation above is Einstein’s famous relationship between matter (M) and energy (E), where C is the speed of light and is a constant.

The most famous use of this equation is the conversion of matter into energy in the atomic bomb.

18. All matter is vibrating. Things vibrate at their own particular frequency.

The spiritual realm operates above the speed of light, at the speed of thought. The natural realm operates at the corrupted speed of light, 186,300 miles/sec, which is slowing down. Man's fall caused this slowing down. Man lost his upper band-width. Jesus gave it back by giving us the Holy Spirit. The K of G band-width is outside of the realm of time. Faith ties the spiritual world to the natural world.

19. Your God-given assignment travels faster than light because it is spiritual.

20. Matter is frequency spoken by Jesus.

He is outside of time and is singing the frequency of our bodies every ten thousandth of a nanosecond. We are blinking into and out of existence in this extremely short time.

21. Questions and Answers

- A. Can faith also cause matter to die? Yes. Remember Jesus & the fig tree of **Mk 11**.
- B. Can faith cause matter to disappear? Yes. During the '90s in Burma, I commanded a Karen man's eye cataract to shrink to nothing, and it did—it took 3 months.

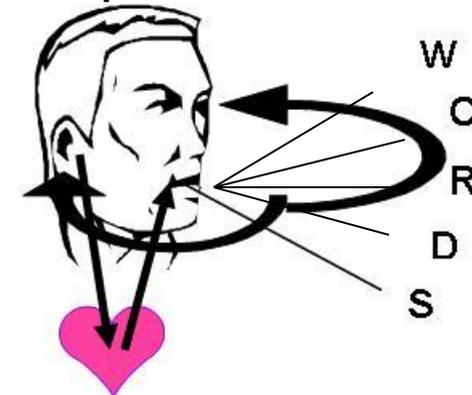

22. Words are carriers of Faith

Your perception of life becomes your life through your spoken words.

THE CYCLE OF FAITH

Mouth—Ears—Heart—Mouth

Prov 18:21, Mk 4:24, Prov 4:23, Mt 12:34

23. Matter has memory

Anoint the rooms of your house with oil in the name of Jesus in order to erase memories of evil that occurred there.

24. God has given the Earth to mankind

Ps 115:16

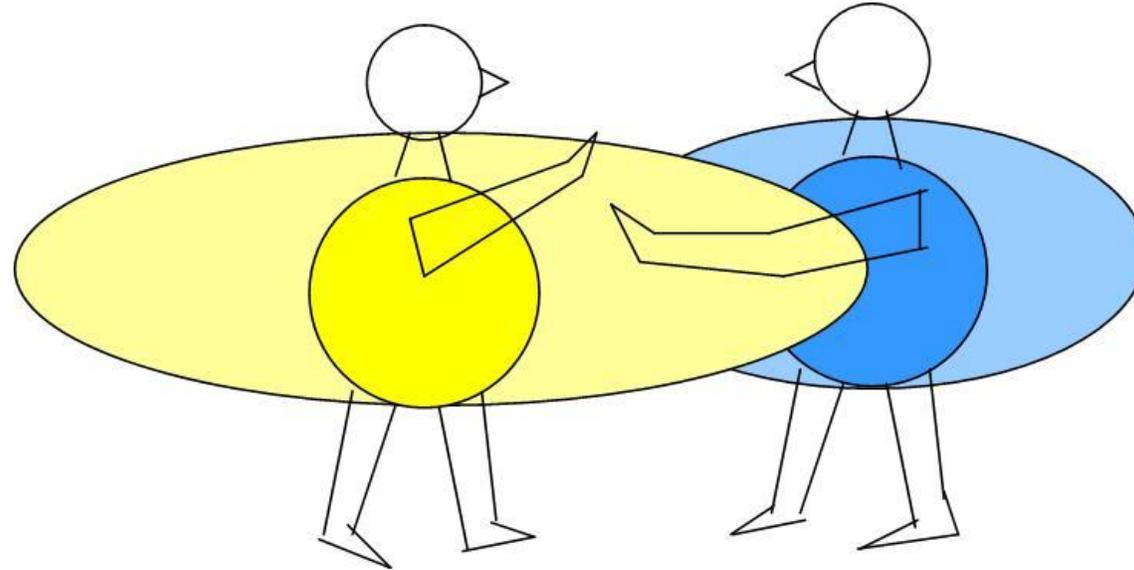

Mankind chooses what happens on the Earth. We must change our minds in order to change our words. We must speak God's words and His will.

25. Getting back to Auras:

RADAR = RAdio Detection And Ranging

The method of detecting distant objects and determining their position, velocity or other characteristics by analysis of very high frequency radio waves reflected from their surfaces.

We have a spiritual counterpart called discerning of spirits. We send forth waves or particles of our belief as an aura around us. These are reflected from people near us and return with a report of the person's sensitivity to God and sensitivity to evil. This is how we feel a person's spirit.

26. Let's talk about light (remember light is tiny packets of energy called photons)

Jesus said that our bodies could contain light.

Lk 11:34

This is Kingdom of God (K of G) light. It is the high frequency band.

The eyes are the gates for letting in light or darkness.

The whole body can be full of K of G light and can affect the lower

frequency of visible light so that the entire body shines, together with the clothes that cover it. The shining is from the inside outward.

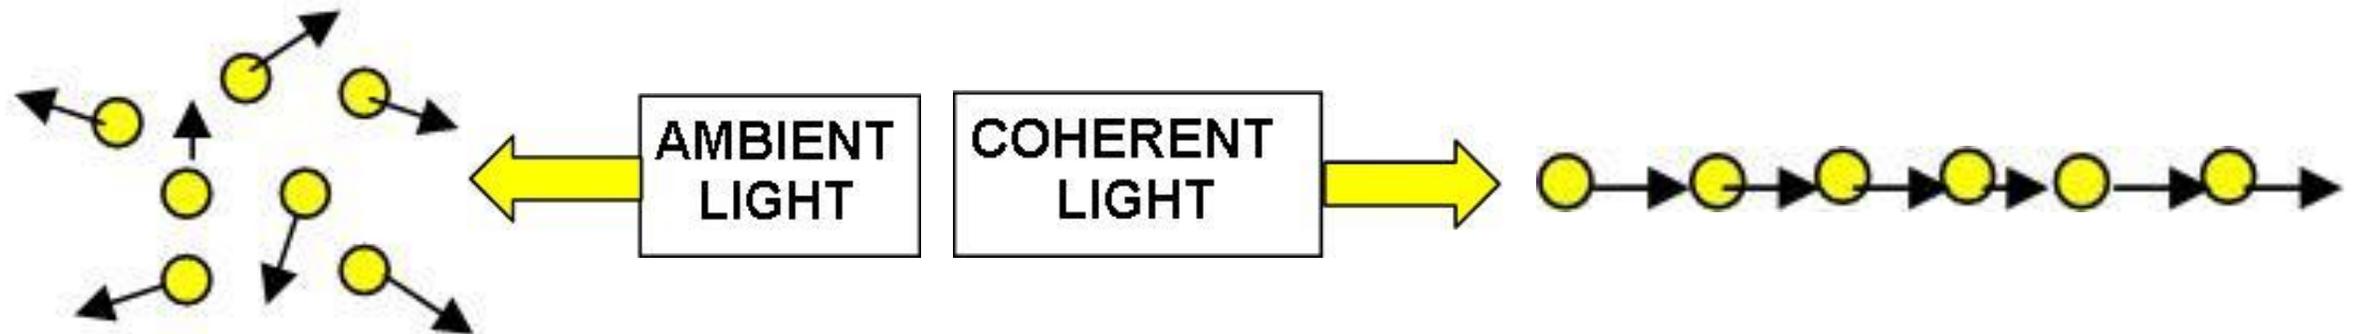

Isa 60:2-3

Mt 17:1-2

27. **Let's talk about LASERS**

LASER = Light Amplification by Stimulated Emission of Radiation

A device that converts electromagnetic radiation of mixed frequencies to one discrete frequency of highly amplified and coherent visible radiation

28. More about light:

Ambient light has no power because it is not focused, i.e. doesn't have a single discrete frequency. A magnifying glass focuses the sun's light and heat and has power. A laser has power also because it has only one discrete frequency and is focused on a target.

A Kingdom of God laser focuses the light within us by **compassion** for others.

Compassion is the "trigger" that activates the anointing. The anointing of the Holy Spirit upon us releases the power as we speak.

COMPASSION = The deep feeling of sharing the suffering of another together with the inclination to give aid or support or to give mercy.

Sympathy is the counterfeit of compassion. Sympathy is feeling without action to meet the need. Compassion is the instrument that focuses God's light and love that is within us to meet another's need.

Compassion is the spiritual counterpart for sympathy.

Compassion moved Jesus to act:

Healing the sick

Mt 14:14

Feeding the 4000

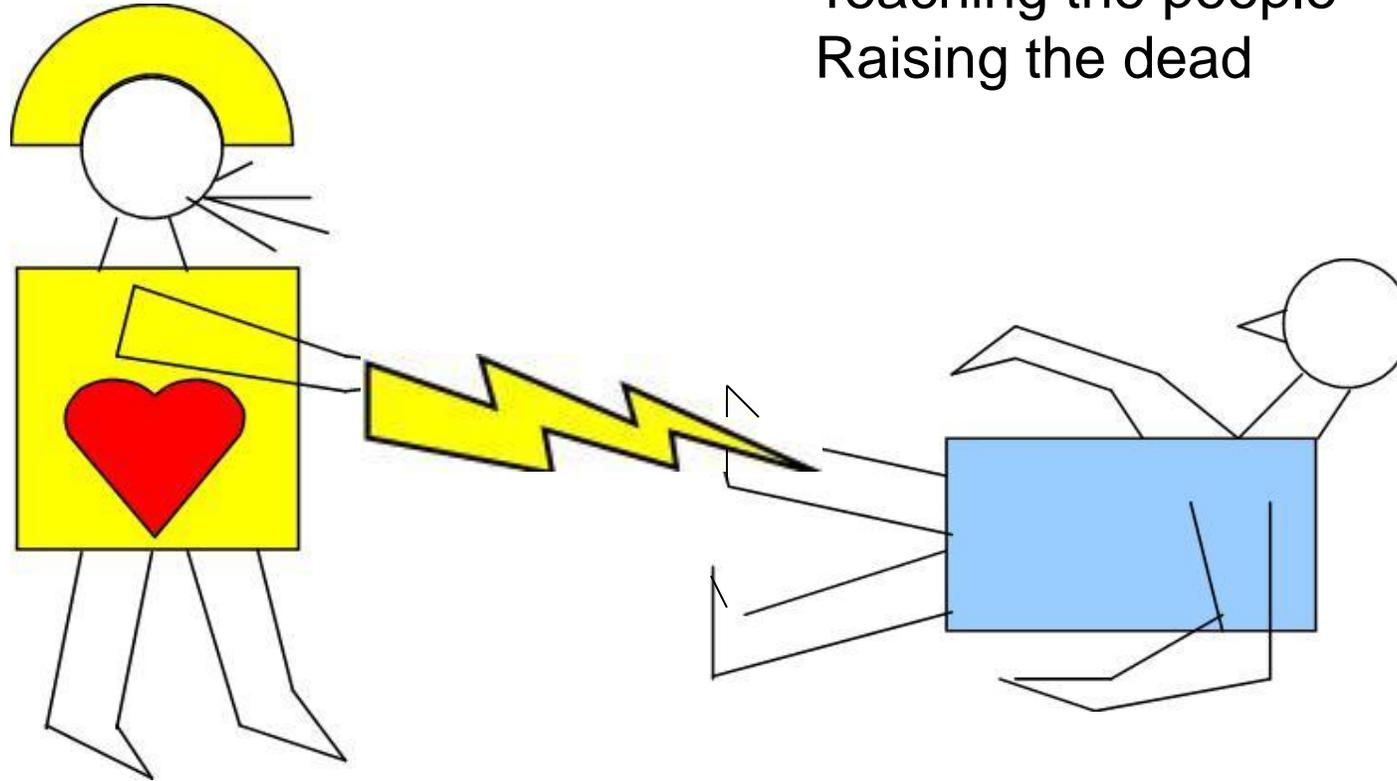

Mt 15:32

Teaching the people

Mk 6:34

Raising the dead

Lk 7:13

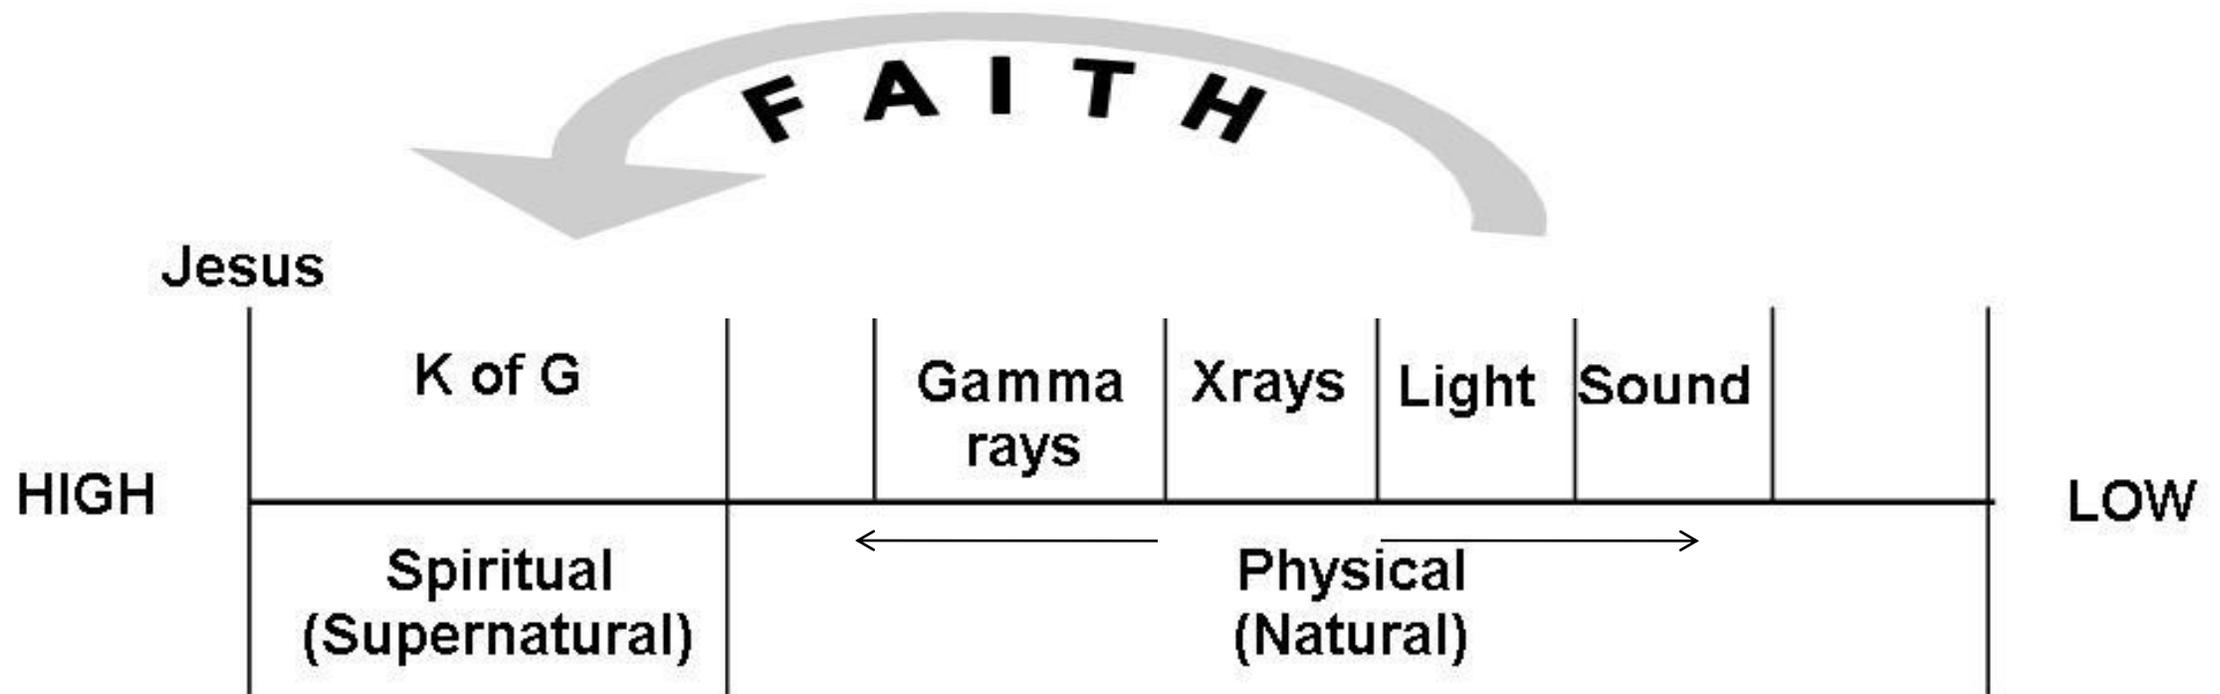

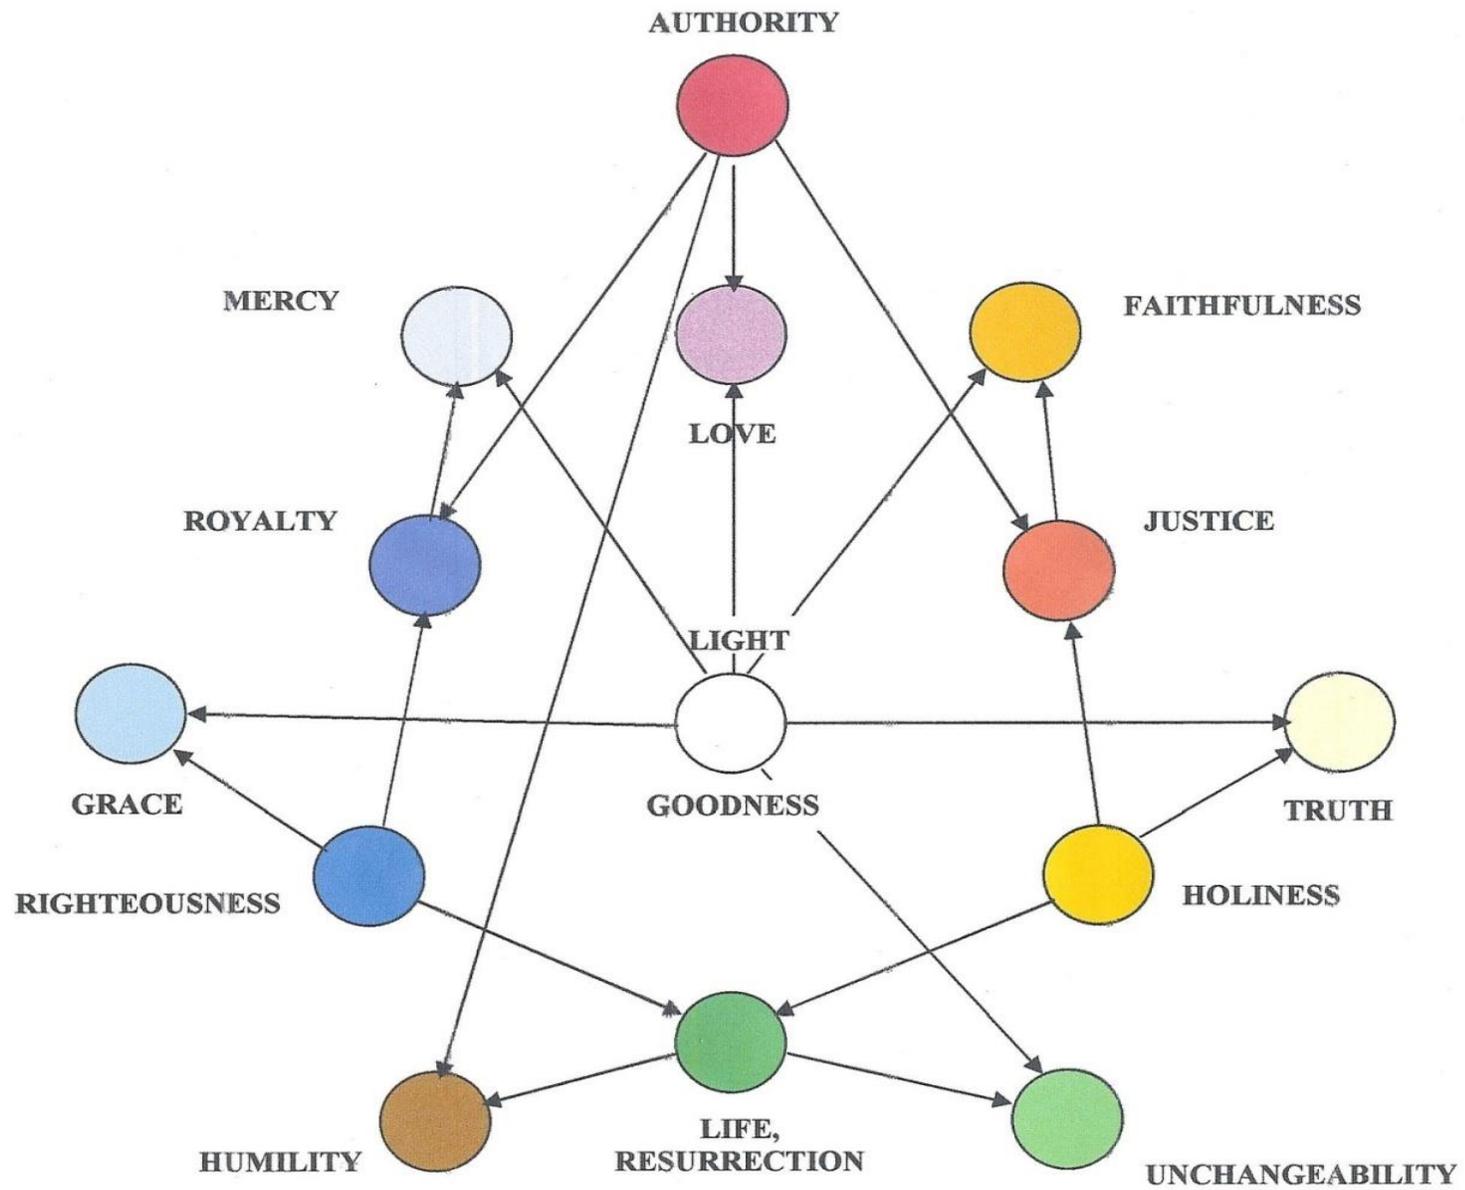

Represents compassion

Yellow represents the Holy Spirit

31. In the Frequency Spectrum, the Physical has its counterpart in the Spiritual.

In the picture below, visible light with its colors is represented in the spiritual realm by the corresponding attributes of God. These attributes are symbolized by the physical colors. In like manner, the other parts of the physical spectrum are symbols or pale copies of the spiritual realm which is the true reality. Faith ties the physical realm to the spiritual realm.

32. The 3 levels of Faith

- Entry level— Faith to receive Jesus as Lord and Savior **Rom 10:9**

- Expansion level— Faith for these to be active in one's life:
 1. Holy Spirit Baptism **Acts 2:4**
 2. Healing the sick **Lk 4:40**
 3. Deliverance **Lk 4:35**
 4. Freedom **Gal 5:1**
 5. Prosperity **Deut 8:18**
 6. Safety **Prov 1:33**
 7. Identity with Jesus **1 Jn 4:17**
 8. Authority **Lk 10:19**
 9. Spiritual Gifts **1 Cor 12:7-11**
 10. Spiritual Fruit **Gal 5:22-23**
 11. Spiritual Laws **Rom 3:27**
 12. Spiritual Warfare **Eph 6:12**
 13. Fruitfulness **Jn 15:5**

- Wild level— Faith for using God's faith

- | | |
|-------------------------------------------------|--------------------|
| 1. Raising the dead | Lk 7:14-15 |
| 2. Restoring the maimed | Mt 15:31 |
| 3. Commanding angels | Heb 1:14 |
| 4. Transporting by the Holy Spirit | Acts 8:39 |
| 5. Multiplying substances | Mt 14:19-21 |
| 6. Controlling weather | Mt 8:26 |
| 7. Becoming invisible | Jn 8:59 |
| 8. Speaking & understanding unlearned languages | Acts 2:4-6 |

- **Jesus said:** Verily, verily, I say unto you, He that believeth on me, the works that I do shall he do also; and greater works than these shall he do, because I go unto my Father.

Jn 14:12

33. The Law of Faith

Rom 3:27

- For verily I say unto you, Whosoever shall say unto this mountain, Be thou removed, and be thou cast into the sea; and shall not doubt in his heart, but shall believe that those things that he saith shall come to pass, he shall have whatever he saith.

Mk 11:23

This is the Law of Faith. This spiritual law overcomes natural laws.

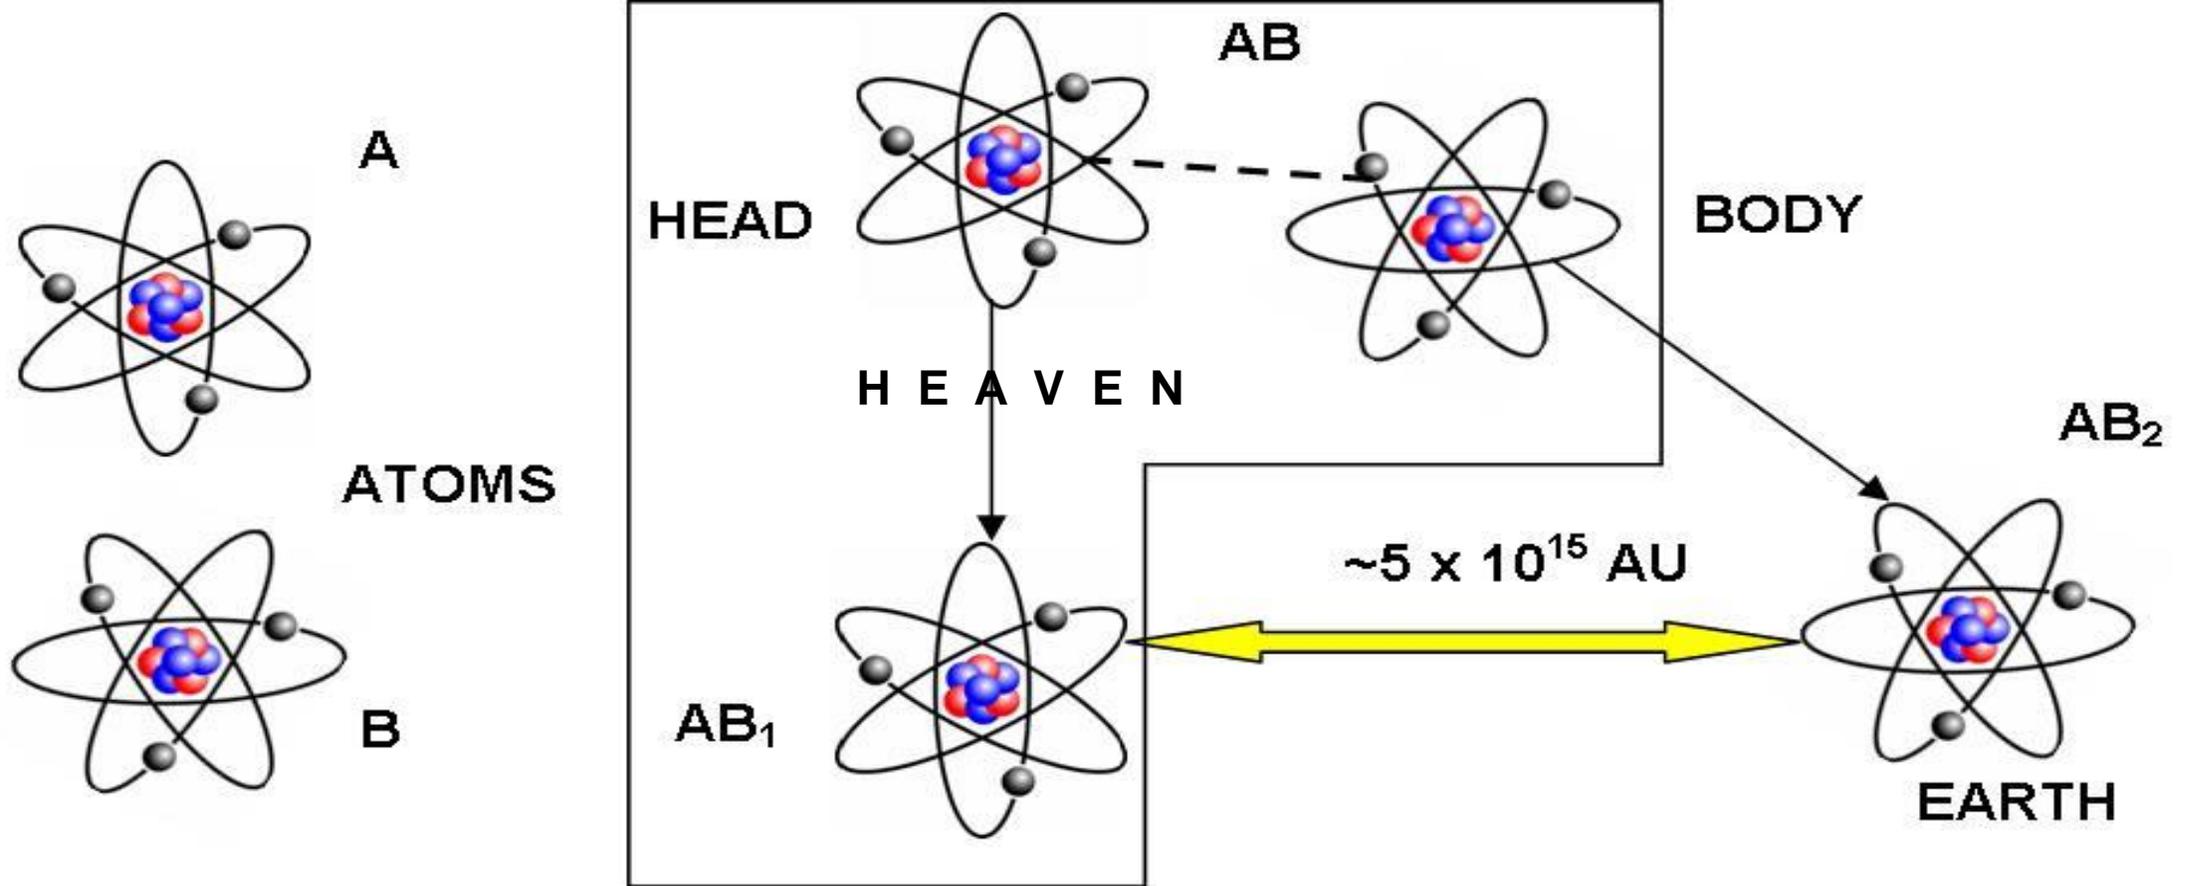

- God's Faith: . . . God, who gives life to the dead, and calls those things which are not, as though they were.

Rom 4:17

34. Entanglement

Entanglement is a strange feature of quantum physics, the science of the very small. It's possible to link together two quantum particles — photons of light or atoms, for example — in a special way that makes them effectively two parts of the same entity. You can then separate them as far as you like, and a change in one is instantly reflected in the other. This odd, faster than light link, is a fundamental aspect of quantum science. Erwin Schrödinger, who came up with the name “entanglement” called it “the characteristic trait of quantum mechanics.”

—by Paul Comstock

35. How does entanglement relate to the spiritual realm?

Referring to the above picture, if Jesus is atom A and another human is atom B, when atom B accepts Jesus as Savior and Lord of his/her life, they become “entangled” or bound together as AB. Then no matter what is the distance between them, a change in strategy of Jesus (AB₁) should result in an instant change of strategy in the believer (AB₂) if he/she is in the realm of the spirit and listening to the Lord in prayer.

Supporting scriptures

Eph 5:30 For we are members of his body, of his flesh, and of his bones.

1 Cor 1:30 But of him (God) are ye in Christ Jesus....

Eph 1:22-23 ...and gave him to be the head over all things to the church, which is his body...

36. Superposition

Superposition is the capability of a quantum particle to be in two states or positions at the same time without any external influence. When there is external influence, the particle appears in one of the states, depending upon the type of external influence.

37. How does superposition relate to the spiritual realm?

I am a spirit, have a soul, and live in a body. My spirit is located in my body on Earth and is seated in heavenly places in Christ Jesus. Since my spirit is also in heaven, I must learn to observe in heaven what Jesus and the Father are doing, and then do what they do on the Earth.

My spirit on Earth must be more sensitive to my spirit in heaven. In the diagram 2 slides earlier, heaven is enclosed in the box. So, my spirit can be in multiple places at the same time.

Supporting scriptures

Eph 2:6 And hath raised us up together, and made us sit together in heavenly places in Christ Jesus.

Jn 3:13 And no man hath ascended up to heaven, but he that came down from heaven, even the Son of man who is in heaven. (Spoken before the cross made heaven accessible to the believer)

Jn 5:19 ...The Son can do nothing of himself, but what he seeth the Father do; for whatever things he doeth; these also doeth the Son in the same manner.

1 Cor 5:4 ...when ye are gathered together, and my spirit, with the power of our Lord Jesus Christ,... (spoken by Paul the apostle)

Jam 2:26 For as the body without the spirit is dead, so faith without works is dead also.

So, we have seen that physical entanglement and superposition in the natural world have their spiritual counterparts in the supernatural world.

(In the diagram on slide 22, it is assumed that heaven is outside the known universe. Many scientists have estimated the diameter of the known universe to be 150 billion light years, so the radius must be 75×10^9 light years. If the Earth and Solar System are near the center of the universe, to get to heaven one must travel at least 5×10^{15} AU (1 AU = 93×10^6 miles) or 5 quadrillion times the distance from the Earth to the Sun. Of course, for travel at the speed of thought, this is no problem. This is the speed of travel in the Kingdom of God.)

38. The Law of the Spirit of Life in Christ Jesus

Rom 8:2

This spiritual law makes us free from the law of sin and death in our physical members. It has power over disease and death in our natural body parts.

Evidence:

Rom 8:11

“But if the Spirit of him that raised up Jesus from the dead dwell in you, he that raised up Christ from the dead shall also give life to your mortal bodies by his Spirit that dwelleth in you.”

This is the law of the Spirit of life in Christ Jesus.

39. Speaking of replacement parts for our natural bodies

- A. Doctors can order prosthetic limbs for amputees or install artificial hearts into those who need them. They can even install artificial arteries to bypass those that are clogged. They can also build replacement facial parts by plastic surgery. These things are in the physical realm.
- B. There is a spiritual counterpart for these replacement parts. Many people who have been taken to heaven have seen at least one large “warehouse” in which are stored “spare” body parts of all shapes, colors, and sizes. In order to use this warehouse, one must command the angels to go into it, bring the necessary part to Earth, and install it into the person that needs it. This is done by issuing a command in faith, according to God’s Word.

Evidence:

“Are they (the angels) not all ministering spirits, sent forth to minister for them who shall be heirs of salvation?” **Heb 1:14**

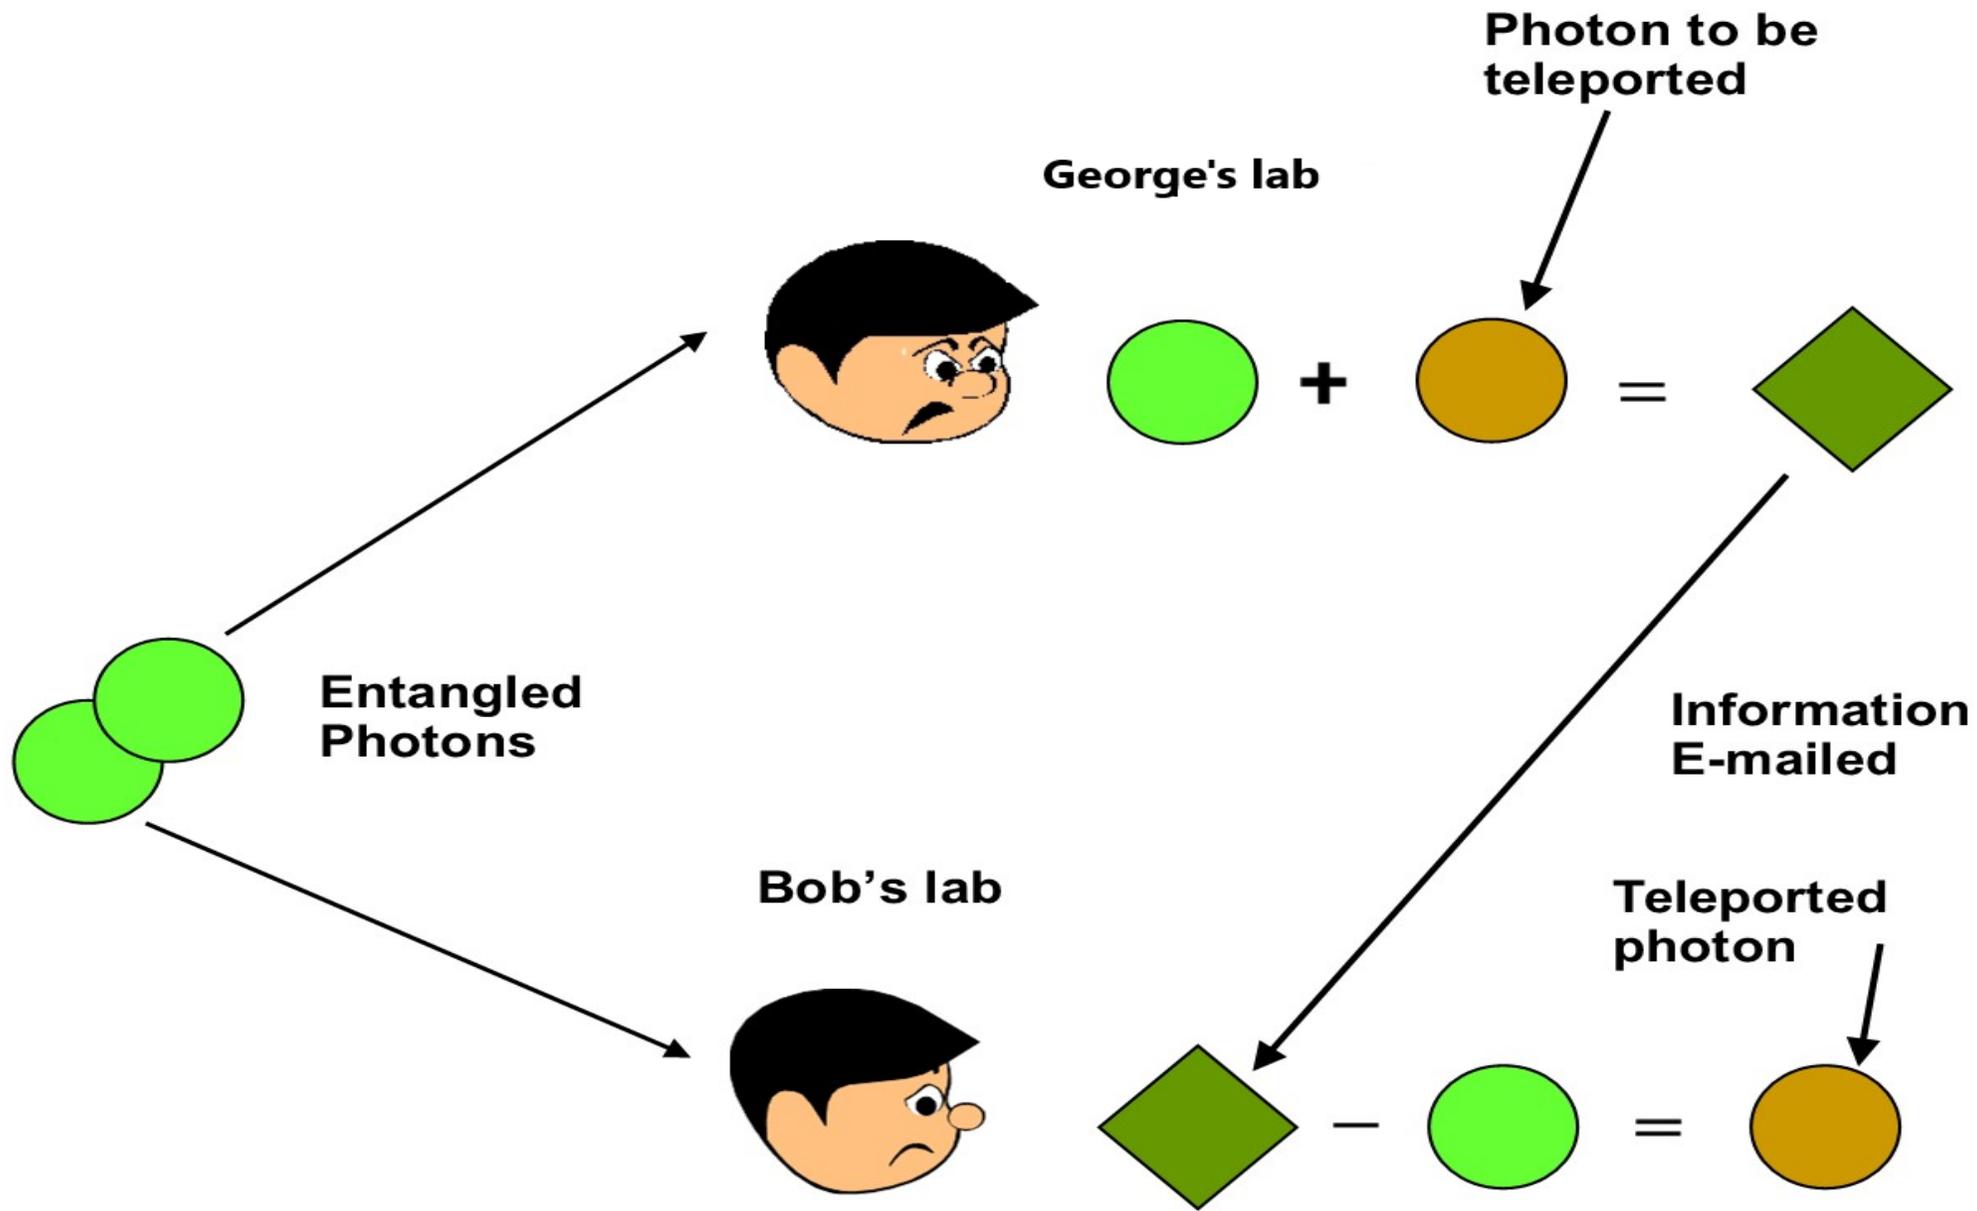

“Bless the Lord, ye his angels, that excel in strength, that do his commandments, hearkening unto the voice of his word.” **Ps 103:20**

We speak out and are the voice of his word. This is acting in the Kingdom of God, instead of in the natural realm.

40. Quantum Teleportation

In quantum teleportation, the information stored in a quantum particle (typically a photon of light) is transferred from one location to another. In effect, that means that the information in one photon is destroyed while an identical photon, containing the same quantum information, appears in a new location. Refer to the picture on the next slide.

—Science News magazine, NOV 20, 2010

- The sender and receiver each receive one photon of an entangled pair. George is the sender and Bob is the receiver. George desires to teleport a brown photon of unknown properties to Bob. He must allow the brown photon to interact with his entangled photon, and then measure the property of interest, such as spin or momentum. That measurement destroys the information stored in the brown photon, and results in the dark green photon.
- But when George sends the result of his measurement to Bob via ordinary communications channels, Bob can use that result to transform the dark green photon into a replica of the photon that George destroyed. Thus, teleportation involves the destruction and re-creation of the original brown photon.
- Scientists have already teleported photons from one place to another but have not yet been able to teleport small animals or insects. That awaits us in the future.

41. How does Quantum Teleportation relate to the spiritual realm?

Quantum teleportation is the physical counterpart of translation of human bodies from one place to another by the power of the Holy Spirit or by the angels. When God's people are acting "in the spirit realm," the power of God can move upon them and translate them to a different place.

Supporting scriptures

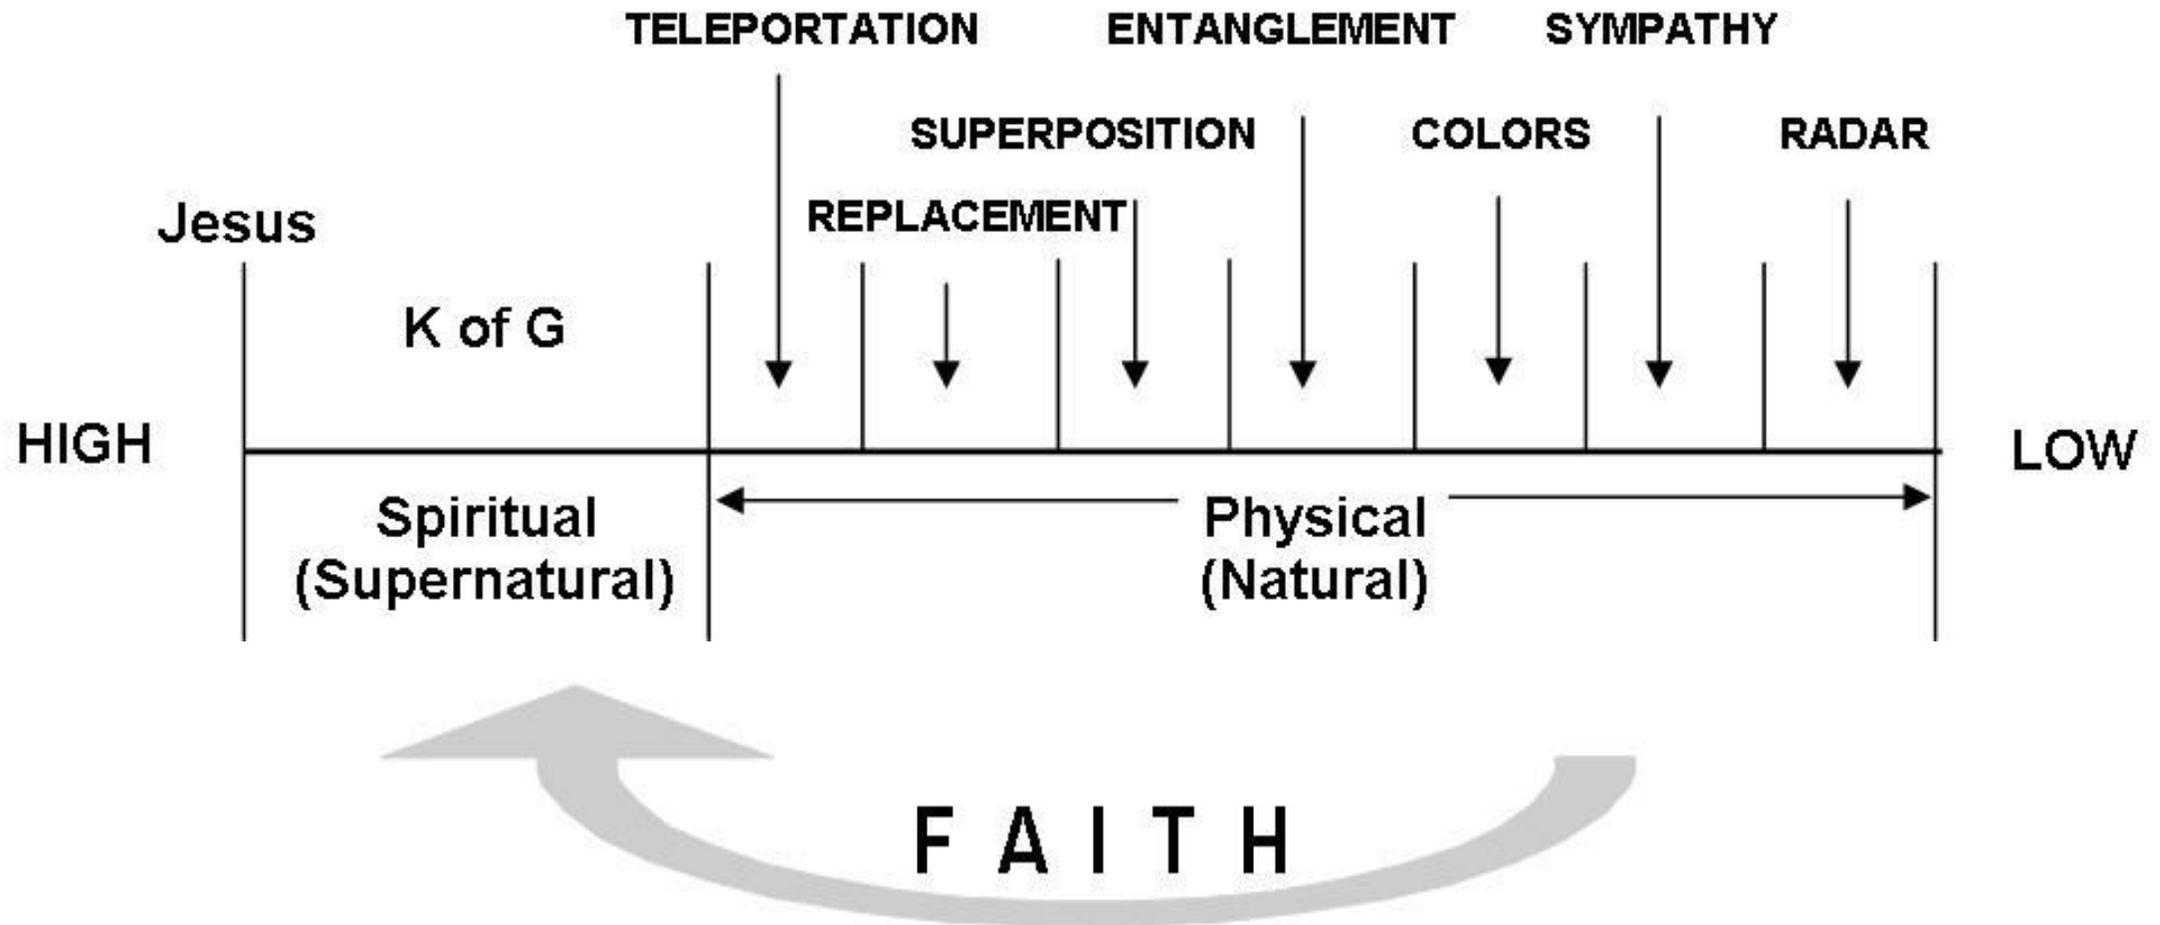

Acts 8:39-40 And when they were come up out of the water, the Spirit of the Lord caught away Philip, that the eunuch saw him no more; ...But Philip was found at Azotus...

Heb 11:5 By faith Enoch was translated that he should not see death, and was not found, because God had translated him;...

Jn 6:21 Then they willingly received him (Jesus) into the boat; and immediately the boat was at the land to which they went.

1 Ki 18:12 And it shall come to pass, as soon as I am gone from thee; that the Spirit of the Lord shall carry thee where I know not...

42. Summarizing the relationship between the physical and spiritual realms:
Refer to the diagram of the **Frequency Spectrum** repeated below:

SPIRITUAL REALM

PHYSICAL REALM

DISCERNING OF SPIRITS

RADAR

COMPASSION

SYMPATHY

ATTRIBUTES OF GOD

COLORS

ENTANGLED WITH JESUS

ENTANGLEMENT

PART OF THE BODY OF CHRIST

SUPERPOSITION

REPLACEMENT UNLIMITED

REPLACEMENT LIMITED

TELEPORTATION UNLIMITED

TELEPORTATION LIMITED

43. Summary of Quantum Faith teaching

A. Summary scripture:

Mk 9:23 Jesus said to him, **“If you can believe, all things are possible to him that believes.”** (NKJV)

B. We have a better understanding of the goodness of God who has made the entire universe to be living and responsive to the words of mankind, the pinnacle of God’s creation.

- C. We understand that the spiritual realm controls the physical realm because it exists at a higher energy level than the physical realm.
- D. We understand that the micro (subatomic) physical world controls the macro world of which it is the basic substance, and FAITH is the raw material from which all matter is made. **(Heb 11:1)**
- E. Words are the carriers of FAITH substance, can change situations, and can be creative or destructive.
- F. For everything in the physical world there is a counterpart in the spiritual world. It is FAITH that joins the physical world to the spiritual world.
- G. For the follower of Jesus there should be no barrier between the spiritual and physical realms. For the believer lives in the physical and spiritual realms at the same time. By FAITH, the believer can do whatever the Lord Jesus asks him to do in the physical realm by speaking God's words to that realm. **(Phil 4:13)**

- H. It is important for the follower of Jesus, seated in heavenly places, to see what the Father and Jesus are doing, so that he can bring that to Earth and do the same thing in the physical realm with his physical body.
- I. It is necessary to remember that our thoughts and beliefs produce an energy zone around us called an aura . We can influence people simply with our presence. The size of our aura increases or decreases according to recent thoughts.
- J. We must remember that as Jesus is, so are we in this world. **1 Jn4:17**
We can do what he did, and greater things than he did. **Jn 14:12**
- K. A follower of Jesus does not have to master the Expansion level of faith before attempting the Wild level but should have some experience in the Expansion level first. Baptism in the Holy Spirit is essential in this level.
- L. We can trust the Word of God and the Spirit of God to lead and guide us as we bring elements of the natural world into the Kingdom of God.
